

ANNUAL REPORT 2021-22

“ Education is the weapon that can change the world”

Nelson Mandela

The year started on yet a challenging note as the entire country tried to recover from the setbacks of the lockdown. A giant upheaval was needed for the situation to become normal. Every field tried its own trials and errors to beat this stroke of disaster. School also prepared its path to deal with the crisis with some new tools. With these thoughts in mind, let me present the annual report of the year 2021-22. Remembering the fact that learning is not the product of teaching but it is the product of activity of learners, we completed yet another year full of challenges.

The year was marked with various competitions, celebrations, activities but with a new outlook. The various inputs of cognizant activities, workshops and seminars added to the improvement to bring quality education to the classrooms through virtual mediums and platforms. The committed efforts of the teachers, students, parents and other staff helped in achieving the goal, we aspired for.

This year we did not have any particular theme that we could follow but definitely I vouch for the fact that when the pandemic brought the whole world to a standstill we tried to reach out to our students by platforms such as whatsapp , zoom, webex and Google Classroom.

As Government promoted Work from home situation, teachers were instructed to prepare videos, ppt and to be sent to students simultaneously we conducted regular classes also.

The teachers conducted various formative assessment techniques like oral and listening activities, written assignments, poem recitation. The scholastic and co - scholastic growth and development of the students were kept in mind and provided a sound platform for active involvement of students in their own learning. School Coordinators for English [Mrs Bonita Fernandes] and for Science and Maths [Mrs Elizabeth Varghese] and Mrs Liza D'souza and Mrs Daksha Sorathiya [Activity coordinators] looked after the various activities, teacher's observation, planning of the academic session and such, to give a helping hand for the smooth functioning of the school.

Effective feedback and appreciative motivation helped in the growth of the teachers. It also helped them in upgrading their teaching methodology and make the teaching more student friendly.

❖ **Our Development :**

- **ERP system was introduced for better functioning of administration. Different modules catered to different needs of the parents for easy dealings. This system helped a lot and benefits were known only when we faced this challenge of a lockdown.**
- **We got affiliation for 11th and 12th Std.**
- **We were able to increase our Classrooms for being able to better manage our children according to the CBSE norms of ratio of student- teacher.**
- **School participated rigorously in the VACCINATION PROGRAM.**
- **We also started Nursery to cater to the needs of Early Childhood as per the New Education Policy. This came as a blessing for Rajkotians as a large demand was there from the Parents to start Prep – School .**
- **We also beautified our garden and campus to make it more eco-friendly and Green.**

***Staff Enrichment Programme:**

- **Teachers attended online webinars that were arranged by CBSE.**
- **Every month the teachers were instructed to attend atleast two webinars.**

#Students activities:

- CBSE expression series was conducted, wherein many students participated.**
- students participated in Art Integrated project and various manner projects were made on Chhatisgarh.**
- other competitions organized by CBSE was also conducted in school.**
- Students participated in different Olympiads, registration was online.**
- under the Prime minister scheme YUVA [Young Upcoming and Versatile Authors] was conducted. The theme was Unsung Heroes.**
- **Sr Sini also with her vision made it possible to have digital assembly every Mon, Wed and Fri initially, later as situation became more normal, it was possible to conduct daily assembly.**

- Christmas was also celebrated by organising competitions.

Std 4 and 5: Hair band decoration, Photo booth

Std 6 and 7: Tiara making, Bouquet making

Std 8 and 9: Wreath making, Cake decoration

Std 9 and 10: Mask making, Fashion show

The school participated in Rubella vaccination program organized by RMC, guidance of Dr Madhuri Bhatt, Health Officer, Rajkot.

- Teachers, students and parents all participated in Pariksha Pe Charcha.

- **PTA Activities:**

Online zoom meeting was conducted every month with class teacher and students and parents. The students' difficulties with online educations were discussed for possible solutions. How to bring normalcy in education was also discussed. Certain meetings Principal Sr Sini Joseph was also an active participant to convince parents to send students to school.

Later half of the year, regular PTA meetings were organized in school.

- **Covid awareness videos were sent to children to be aware and to take precautionary measures needed. During PTA few minutes were regularly used just to advise parents not to panic and not to believe in rumour.**
- **Regular board exams were conducted and the result that was to be prepared was based on the 1st term that was objective and 2nd term that was subjective.**

Conclusion:

This year too Nirmal Maria showered her innumerable blessings on her children. Though teachers and students faced difficulty in coping with the trying times, new mountains were discovered and new forts were won, it was a good year. The year brought a lot of changes which made our efforts all the sweeter to enjoy. The past year taught us many things, with a positive approach to learn from our mistakes and set better goals amid such uncertain times. I pray for healing of the world, peace and good health to all mankind.
